Thermal Transfer by ARMOR

The ribbon range is organised in a simple way to make your ribbon selection very easily.

To cover all market needs ARMOR has created ribbon families, each of them comprising a wax, a wax-resin and resin(s).
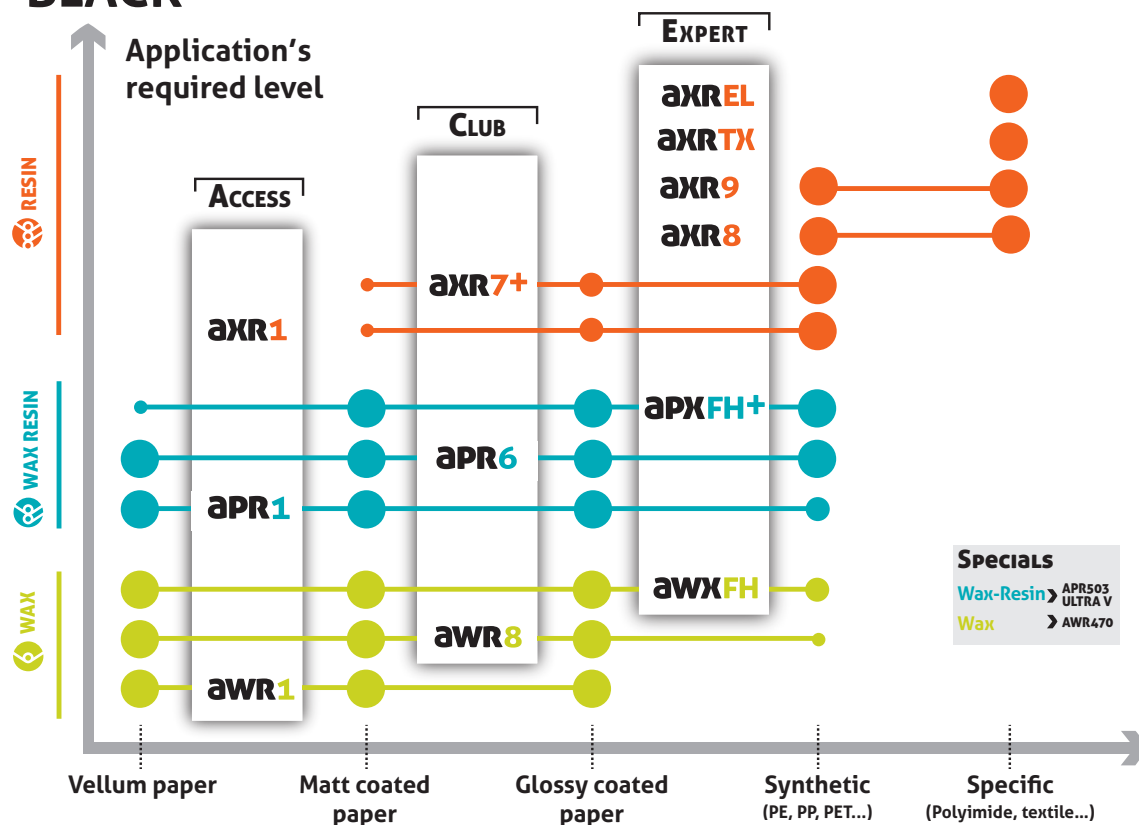

❯ **Access:** 3 competitive ribbons for price driven businesses

❯ **Club:** The 3 "must have" ribbons to cover 80% of the standard labelling needs

❯ **Expert:** for the most demanding or specific applications with stringent requirements
